TAKE NOTE BESTMED TEMPO Wellness Clients please do your nurses assessment first (HA). After the HA assessment, the dietitian sessions are "unlocked", we as dietitians only get access after the nurse session. If you accidentally did the dietitian session first, please do your nurse assessment within 30 days. If the nurse session is not done within 30 days, we cannot load your dietitian session on your medical profile. After 30 days you will be held for the account. A bill of R 578.00 is then outstanding which must be paid within 3 days after the bill has been sent. Then your account is already more than 30 days outstanding due to the wrong process sequence.
